RE: Shelter Cove Construction

To Whom It May Concern:

In October of 2001, Shelter Cove Construction undertook a major reconstruction project on our home. We added a new first floor and added dormers to the third floor. Paul Pulvirenti's team performed all of the foundation work, framing, siding, roofing and window/door installation. All work was done on-time, on-budget and to our total satisfaction. Paul and team were professional and very capable.

We highly recommend them for any renovation work. If we were to require additional renovation work, Shelter Cove Construction would be our first choice.

Sincerely,

Thomas K. Klein
